About the course:

The course on Search Warrants for Law Enforcement is designed to provide comprehensive training to law enforcement officers on the legal framework, procedures, and best practices related to obtaining and executing search warrants. This course aims to enhance officers' knowledge and skills in drafting search warrant and conducting lawful searches.

Participants will learn about the constitutional principles, statutory provisions, and case law that govern search warrants. They will gain a thorough understanding of the Fourth Amendment and its application to search and seizure issues.

Participants will receive instruction in search warrant elements and procedural requirements for drafting and obtaining a variety of search warrants; including, residence, parcel/luggage, cell phone, computer, bank account, tracker, geofence, and social media. Participants will learn about the necessary documentation, including affidavits, probable cause, specific descriptions of the place to be searched, and items to be seized.
