Presents

Synthetic Opioid Responder Safety (Synthetic Opioid Awareness)

June 10, 2026 (Wednesday) Time: 0830-1700

Course Description: This course is critical for law enforcement, criminal analysts, and community partners who must safely and effectively operate in environments contaminated with synthetic opioids. You will gain the fundamental knowledge to identify Fentanyl, its related substances, and chemical precursors, while mastering current tactics to mitigate the extreme hazards of clandestine labs and milling operations. The training covers vital planning considerations for your jurisdiction, including proper PPE selection, field testing methods, and leveraging external resources, all culminating in a practical tabletop exercise that solidifies your team's response to a realistic fentanyl lab scenario.

Provider: Western Regional Counterdrug Training Center (WRCTC)

Location: Weston South Florida HIDTA Facility, 3200 Meridian Parkway, Suite 101, Weston, FL 33331

Tuition: Free, however travel costs are the responsibility of the parent agency.

Registration: <https://www.wrctc.org/event/?eid=9a903b90-8400-4574-b825-10f19e64cdef>

Each student is to register with their own individual and accurate email address, not a generic or agency coordinator email address. Each applicant will be notified via their agency email address (required on the registration) a Confirmation or Wait List e-mail that will be sent out after the deadline date and once selections are made. Please be advised that an applicant is not confirmed for the class by virtue of registering online.
