

National HIDTA Assistance Center

FBI CJIS N-DEx System 101

DATE	Thursday, October 15, 2026 1:00 PM-2:00 PM (EST)
LOCATION	Virtual
COURSE GOALS	To explain what the N-DEx System is and how it can be beneficial. To identify the types of data in the N-DEx System and how your agency can participate in data sharing. To provide information on how to gain access to the N-DEx System. To include demonstration and instruction on basic system functions. To highlight successes attributed to N-DEx System usage.
COURSE CONTENT	This workshop is designed to provide users with their first look at the N-DEx System, highlighting the effective use of the N-DEx System's Search, Batch Search, and Alert capabilities. Learn how N-DEx can support law enforcement, institutional, and community corrections investigations and the continuous monitoring of caseloads.
PREREQUISITS	None
Cost	None
WHO SHOULD ATTEND	All Law Enforcement Officers and Investigators
REGISTRATION	Register Once your application has been reviewed and approved you will receive an email with other pertinent info. Questions? Contact Marc Greenstein at 305-715-7757 or via email mlgreenstein@nhac.org
