

The Joint Training Initiative
at
South Florida HIDTA
is hosting:

Targeting The Smuggling Network

Air, Land, Sea, Intelligence-LED Interdiction

September 16, 2026 (Wednesday) Time: 0900-1600
Register Deadline Date: September 9, 2026

Training for investigators and analysts on technology and tradecraft now driving multi-domain interdiction across South Florida. Vetted Security Solutions brings the air, land, and sea theater into one operating picture, turning fragmented signals into targeting decisions before contraband ever reaches the community.

Session Agenda and Live Demonstrations:

DRONE DETECTION Live RF detection and tracking of unauthorized Encrypted Drones, the ability to decrypt and identify drones in secure airspace, and also yielding the source is key to successful operations.

GEOSPATIAL SIGNAL INTELLIGENCE MAPPING Fusing SIGINT with geospatial mapping to target marine vessels and suspect aircraft moving drugs, bulk cash, and guns between the southeastern Caribbean and South Florida shores.

FINDER INVESTIGATE — SOFTWARE INTRODUCTION A hands-on look at the platform purpose-built to target every threat above, connecting vessels, aircraft, vehicles, and actors into one searchable investigative picture.

PITT — PREDICTIVE INTELLIGENCE TARGETING TRAINING Anticipating the movement of vehicles hauling drugs, guns, and money into southeast Florida from southwest border cartel pipelines, getting ahead of the convoy, and properly identifying stash locations and distribution hubs in your community.
