

# DRUG DIVERSION INVESTIGATION CASE STUDY

## IAN IACOVIELLO

*Intelligence Analyst*

Overdose & Drug Awareness Coordinator  
Montgomery County Police Department  
Special Investigations Division

### *"Prescription for Profit"*

A Bethesda-based addiction psychiatrist investigated after a major prescription drug problem was identified in Clarksburg, WV. A nearly two-year investigation—including undercover operations—found she was prescribing large amounts of controlled substances to Clarksburg patients without treatment, despite knowing the drugs were being sold on the street. She was indicted federally, pled guilty to distribution, and is finishing her sentence around now. The presentation walks through the investigation, including undercover video and patient interviews.
